What is the CFCU More App?

CFCU More is an additional platform of banking tools and services to complement CFCU's Digital Banking online and mobile platforms. Use CFCU More to:

- Control your CFCU debit card(s)
- Change your PIN
- Freeze or activate your card(s)
- Add travel exemptions and alerts
- Send money to friends and family
- Pay your bills
- Transfer money into and out of your account

Stay tuned for even more upcoming capabilities!

Why are there two platforms for Digital Banking?

Eventually our Digital Banking will move to our new CFCU More platform and CFCU More will be the only platform. All of CFCU's tools and services will be in one place. We did not want to wait to give you access to these convenient banking technologies, so we made it available early. We will continue to share more capabilities as they are added to CFCU More.

Why CFCU More?

To continue to provide the best service to you, we're planning for the future of banking. The framework behind CFCU More provides a strong foundation for us to greatly increase our agility and flexibility so that we can provide the latest and greatest banking technologies to you at a much faster pace, making your financial life even easier.
